

37th Tokyo Motor Show – Passenger Cars & Motorcycles (2003)
Regarding carpets for common passageways and
Shared purchase of carpets for booths

In the past, Exhibitors were required to bear the cost of installation for carpets in common passageways. Starting from this year's Show, however, the Secretariat will bear the cost of this installation as part of efforts to reduce costs for Exhibitors.

1. Carpets for common passageways

1) Materials

Punch carpet: Fiber: 44 dtex; thickness: 4.2 mm; weight: 945 g/m² (same as used in 35th Tokyo Motor Show)

2) Colors

West / Central / East Halls: Red

North Hall: Blue

3) Installation and removal

Work will be conducted according to the following schedule. We look forward to the cooperation of Exhibitors in this regard.

Installation: 6:00 p.m, October 21., to early morning of October 22

Removal: to begin around 7:30 p.m., November 5 (time may change depending on when all visitors leave the Show venue)

After removal, carpet will be converted into solid fuel, to promote effective use of materials.

2. Shared purchase of carpets for booths (by request, in Passenger Car and Motorcycle Divisions)

Based on requests from Exhibitors in the Passenger Car and Motorcycle Divisions, the Secretariat will secure carpets (same material as used in common passageways) as a joint purchase for use as flooring material in booths.

1) Price: 1.82 m wide = 1,050 yen/m; 910 mm wide = 525 yen/m

2) Colors: Select from 25 colors (ref Color Sample Book).

If you cannot find your desired color in the Sample Book, please contact the Secretariat separately.

3) Delivery: Carpets will be delivered to each booth on the first day of delivery of exhibits (October 14). Exhibitors shall be responsible for installation and removal work.

4) Application deadline: August 1, 2003 (Friday)
